

Bal Bharati Public School, Manesar

Ref No. BBPSMN/19-20/13

Dt. 28.09.19

Say No to Plastic

In order to live a healthy life, we need to protect our environment. Keeping in view the damage caused by the use of plastic, the school has proscribed its usage.

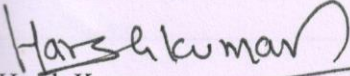

Under the *Swachhata Hi Seva Campaign -2019*, the school supports the aim to make it a plastic free school initiated by our Hon'ble Prime Minister. The parents and students are required to strictly follow the below mentioned instructions to avoid penalty charges to the school:

- To ensure that students will not bring their lunch etc. in any compostable plastics bags.
- No use of 200 ML drinking water Pet/Pete having liquid holding capacity.
- No use of Plastic bags with handle or without handles.
- No use of one time use/ single use disposable items made up of thermocol (polystyrene) or plastic.

Kindly, adhere to the above rules under the guidelines of Haryana Government.

The parents are also advised not to use the same and help the school in spreading the message.

Thanks and Regards

Harsh Kumar
Principal
