"The foundation of a child's character is laid in his formative years"

The school constantly strives for overall development of its students preparing them for the outside world. Its goal is to help shape the child's future through confidence, integrity and leadership.

The parents and the teachers work in partnership for the all-round development of a child. It is important to teach students to respect school discipline and be proud of it. This is considered as a first step in achieving success in a student's life.

Let us work unitedly by focussing on some basic norms.

Guidelines: -

- ❖ Electronic gadgets (mobiles, i-pod, play-stations, audio / video players, camera etc.) are not permitted inside the school premises as per the CBSE school rules.
- ❖ The school does not permit the celebration of birthdays in the school campus. Parents are advised not to send chocolates, cakes, juices or sweets etc. with the children for celebration of birthdays. Exchange of gifts are also not allowed.
- ❖ Self-monitoring of health by students and parents is essential. The student should not come to school even in case of minor illness.
- ❖ Though the school will adhere to the safety guidelines and protocols, we also seek your support in safeguarding our children's health.

We trust that you understand how deeply important it is to respect and adhere to these guidelines. The safety of all our students is our utmost priority and we appreciate your cooperation and understanding. Thank you for your continued partnership!

Thanks and Regards
