M A N E S A R

Activity name: BIZCOM - 2022

Class: IX & X

Date: 29.8.22

Description:

Entrepreneurship / Business education at BBPS Manesar, supports creativity, innovation, and collaboration. These skills are highly valued by the colleges and by businesses across the globe and will be used by our students well beyond their high school years. The primary objective of BIZCOM activity was to encourage students to come up with a Business Plan for a product / service that improves the quality of life for people around, by finding innovative solutions to fix the problems prevalent in our society. Students of classes IX & X worked together in groups on creative ways to promote sustainable development in our Country. Some of these topics include providing clean drinking water, alternative sources of energy, ocean waste reuse, energy-efficient automobiles, etc. This initiative has been an excellent learning experience for students – our budding entrepreneurs and has inspired them to work towards a better & brighter time to come.

“The best way to predict the future, is to create it”
