

SESSION - 2023 -24

Logbook for the month of July

Date	Description
14th July	<p>BBPS Manesar, organized Table florals activity for tiny tots where creativity and learning go hand and hand. Inside the walls of the school little hands were busy at work showing their artist skills through an exciting table florals activity. The blocks were dipped in colors and pressed on various table clothes leaving behind a stunning imprint. Children made beautiful patterns on the napkins with block printing and enjoyed napkin folding to enhance the setup of table florals. Not only it was a fun activity for kids but also nurture their creativity and develop fine motor skills. We hope this inspiring initiative will continue to flourish in children. This activity helped in development of fine motor skills. Children enjoyed the activity with fun and frolic.</p>
