

CLASS 4 - ME THE EXCURSIONIST\

To Travel is to Live!

Traveling and making memories is the best part of life and if you share these memories with everyone, that's even better. Keeping the same in view, an activity - Me The Excursionist was conducted for the students of class IV in the month of July in which they shared their experience about any place or monuments they have visited recently. The children also shared wonderful facts about the same.

The activity not only enhanced the oratory skills of the students but also gave a boost to everyone's knowledge.
