An Orientation programme for the parents of Pre-school was held on 6th May, 2023. The session was organized to apprise the new parents about our institution and was led by Dr. Romila Soni, Associate professor NCERT and Ms. Nanu Rekhi, Education Advisor CES. Our esteemed guests also discussed about effective parenting during the session. The programme strengthen the bond between parents, teachers and the students.

# Orientation

## Adaptation Week

To create an aesthetic environment for our little munchkins of Pre-school, a magic show was organized in the school premises during the ADAPTATION WEEK wherein the magician performed various tricks and illusions that made the children and teachers watch him with attention and excitement. The magic wand, magic words, and the interesting and distinctive style of the magician kept everybody astounded. Borrowing things from the children and making them disappear was another feature that impressed everyone. A bubble activity was organized for the Pre schoolers wherein the Bubble man made bubbles around the little ones as they had fun in popping huge big bubbles around them. It was an eye candy observing their curiosity and happiness during this activity.

The teachers and staff left no stone unturned to make the ADAPTATION WEEK for Pre-schoolers as comfortable and memorable as possible. Starting with balloon decorations, cartoon impersonator, and numerous warm hugs by the teachers helped these preschoolers settle down in their new environment on the very first day of school. Various introductory fun filled activities were enjoyed by the children and they returned home with beautiful wrist bands and a wide smile on their little faces.

The harvest festival, Baisakhi was celebrated on 13th April, 2023 with a beautiful special assembly in the morning where children presented various cultural programmes including Bhangra by the little ones. The performances showcased the rich heritage of Punjab and diversity of India's culture. The students also made Baisakhi crafts depicting harvested wheat in fields.

Gross motor activities enable children to perform everyday functions such as walking, running, jumping etc. It provides a comprehensive platform for students to develop their gross motor skills. These activities contribute to the holistic development of children and create a positive and active learning environment by incorporating variety of activities such as outdoor sessions and Aerobic classes.

# Gross Motor Skills

Technology in education provides students with access to a vast range of Information and resources right at their fingertips. Thus, the students are being encouraged to explore various educational apps and software under the guidance of their mentor.

The Earth day was celebrated with great zeal with various funfilled activities to promote sustainable practices among the children. Facilitators engaged the children in various activities along with discussion on Environmental conservation and importance of three R's- reduce ,reuse and recycle. Nature's prism was also created by the tiny tots of Pre- Primary with leaves, flowers and twigs in their hands under the supervision of their teachers. Children expressed their excitement in learning about how to save the mother earth at the end.

Labour Day was celebrated on 1<sup>st</sup> May, 2023 to inculcate feeling of gratitude for the labour community. The children expressed their love to the supporting staff of the school by giving them self made greeting cards and flowers. The activity was organized for the better understanding of the labour community among our children who must learn to respect and appreciate their efforts. Interesting games like balloon race, musical chair, skip counting game for the supporting staff were also a part of the programme which they enjoyed thoroughly.

# LIGHT & SHADOW

The students of Pre Primary enjoyed an experiment with shadows. They learned how the shadow is formed and were apprised of the fact that a shadow is a dark area on a bright surface which is caused by something blocking a source of light. The students, later made different images in front of light and enhanced their imagination.

# MOTHER'S DAY

"Life doesn't come with a manual. It comes with a mother."

Mother's Day was celebrated with excitement and enthusiasm in the Pre Primary Department through an event comprising beautiful prayer in honour of all mothers followed by a rhyme depicting the significance of mothers in our lives. The children were also involved in a dance performance along with a beautiful song by the tiny tots which was immensely heart warming and adorable. The children made beautiful paper handbags for their mothers.

The children of the class Pre- primary experienced a soulful and pure environment by doing Pratyahara, the yoya of 5 senses. They got to know the importance and power of 5 senses by different yoga poses which was conducted in the form of a beautiful story . They also got to know about our sight which is one of our most powerful senses. Pratyahara can be practiced by the students simply by closing the eyes daily. Ms. Jyoti Sharma, our Yoga mentor conducted the workshop for the students and they wholeheartedly participated in the same and enjoyed the activity thoroughly.

# PRATYAHAR

# FINE MOTOR SKILLS

Fine motor skills are essential for a child's development particularly in their academic and daily activities. Proficient fine motor skills enable children to perform task with precision efficiency and control. They also contribute to cognitive development eye-hand coordination and overall academic development of the child.

Literacy and numeracy skills are crucial for students academic and personal development. Strong literacy skills enable students to comprehend text, express ideas effectively and engage critically with information. Numeracy skills are crucial for problem solving logical reasoning and understanding quantitative data.

A 10 days Summer camp was organized in the school campus for the students of Pre-Primary. The camp offered a galore of activities to cater to different interest and age groups which included indoor and outdoor activities, art and craft ,dance ,athletics, skating, instrumental music, football and other sports .

Thank You!
