

SESSION - 2023 -24

Date	Description
25-08-23	TRUE AND FALSE
	<p>Joyful learning is always the most enjoyable learning, especially for small children. Different activities bring lots of curiosity, enthusiasm and interest for preschoolers. True and false activity for kids can help make interesting trivia or quizzes that encourage them to think and learn new things. This is a great way to take a break from the traditional method and have a fun filled learning experience that improves their IQ. In this activity some picture cards were shown to the kids, and they were asked to show the True or False letter card accordingly.</p> <p>joyful learning is always the most enjoyable learning, especially for small children.
