

SESSION - 2023 -24

Date	Description
8Th December	Lends on hand to save planet.
	<p>Save the Planet Mother Earth” event, organised by BBPS Manesar to promote sustainable practices for a healthier planet. The celebration underscored the dedication of the little tiny tots in fostering positive change for the environment, emphasising the importance of collective action in building a greener future for Mother Earth. Children held up placards with messages such as "Protect Our Home," "Green Today, Greener Tomorrow," and "Act Now for a Sustainable Future." These messages were aimed at encouraging both their peers and the community to adopt eco-friendly habits and make conscious choices to reduce their carbon footprint" It's essential for the younger generation to understand the importance of preserving our planet and to actively engage in initiatives that contribute to its well-being."</p>
