

# SESSION - 2023 -24

| Date             | Description  |
|------------------|--|
| 28th<br>November | <p>A 'Show and Tell' activity was organized on _My Mysterious sky_ for the students of Pre-school to explore the mysterious sky. The highlight of the show and tell was a presentation on the eight planets in our solar system. The students shared fascinating facts about each planet, captivating their audience with their newfound knowledge. The show and tell was a huge success, sparking a sense of wonder and curiosity about the universe in our young learners. It was a magical and educational experience for all involved.
