

## Class 2 – The Imaginarium

The activity 'IMAGINARIUM' was conducted on 27/12/2023 in grade 2. Students narrated a number tale using puppets, objects and props, etc. in the class. This activity gave the students a platform to enhance their communication and pronunciation skills and also learned about mathematical concepts while having hands-on experience with the props given by the teacher. The activity was full of excitement and enthusiasm.
