

## FIRE FIGHTING SESSION =15<sup>TH</sup> APRIL, 2024.

The fire-fighting training session, conducted in the school premises, by the Haryana Fire and Emergency Services on April 15, 2024, equipped students from Classes IX to XII with essential fire safety skills and instilled a sense of responsibility toward ensuring fire safety in their communities.

The primary objective of the training session was to enhance the student's awareness about fire safety measures, equip them with practical fire-fighting techniques and prepare them to respond effectively to fire emergencies. The session comprised of demonstrations and practical exercises where students were given hands-on experience in operating the firefighting devices. Such initiatives taken by the school will play a crucial role in creating a safer environment for all.
