SESSION – 2024 - 25

Date APRIL

Description

JOYFUL JAUNT

Imagine a school day where the journey begins not in a bus, but in a magical car straight out of a storybook. As the children pile into their seats, the toy car's dashboard lights up with twinkling stars and playful melodies. Our little motorists enjoyed a car ride, taking care of car staring with horn and musical tunes with lights. They learnt to save their cars from being hit. The day was full of enthusiasm and fun.
