Subjects: All about CUET & other Aptitude based Career Options - Workshop for parents & students of Class 12

Dear Parents,

On behalf of the staff at Bal Bharati Public School, I am delighted to welcome back your ward after summer break! We look forward to a productive partnership with you to ensure our children achieve their highest potential. We realise that to be successful in their career goals, our children need support for both Scholastic as well as Aptitude skills. As partners, we share the responsibility for our children's success and want the very best for them.

As you would know, the Common Universities Entrance Test (CUET) has emerged as one of the largest undergraduate entrance exams for school students to make their way into the premier colleges and institutions of the nation. CUET is now the gateway to 300+ universities across India including top universities like University of Delhi (DU), Jawaharlal Nehru University (JNU), TISS, Banaras Hindu University (BHU), to name a few.

To understand the need and importance of aptitude preparation for exams like CUET we have invited Career Launcher to conduct an exclusive workshop for our students and parents.

WHAT AFTER XII?

Date: Saturday, 20th July, 2024

Time: 09:00 am

Class: 12

Mode: Offline

Venue: Seminar Hall

Workshop highlights:

1. Importance of top colleges like SRCC, ST. Stephens, LSR
2. All about CUET & DU admissions
3. Other key exams and colleges to look for
4. Preparation plan for cracking the entrances
5. Importance of Board marks
6. Golden rules to crack any Aptitude Test

Attendance in the webinar is mandatory for parents and students.

Let us together build a brighter future for our children!

Sincerely,

Akanksha Sehgal Setia
Vice Principal
