

SESSION – 2024 -25

Date	Description
September	Animal Relay
	<p>The Bal Vatika 1 students at BBPS Manesar participated in an exciting Animal Relay activity, dressed in vibrant animal costumes. The children, embodying different animals such as lions, rabbits, and elephants, enthusiastically embraced the playful spirit of the event. The race was not just a display of speed and coordination but also encouraged physical fitness and teamwork. As the little ones hopped, crawled, and ran in their adorable costumes, they learned the values of collaboration and sportsmanship, while having a fun-filled day of laughter and joy.</p> <p>The activity beautifully combined learning and play, allowing the students to develop their gross motor skills, while also fostering a love for physical activity from an early age.</p>
