

SESSION – 2024 -25

Date	Description
September	Cow Milking and its Process
	<p>For the cow Milking Activity at BBPS Manesar, Bal Vatika 1 students were introduced to the concept through a creative hands-on approach. The teacher demonstrated the process by crafting a model of a cow, helping the young learners visualize and understand the activity. This interactive session not only made the learning experience fun but also fostered creativity and practical understanding among the children. The students eagerly participated, engaging with the crafted cow and gaining insights into the milking process in a playful and educational environment.</p>
