

REPORT

Heritage Club Activity (2024-25)

Activity name: Different Gateways in India

Class: Heritage Club

Date: 3 Aug 2024

Description:

An activity was organized on 3 Aug 2024 in the Heritage Club by Ms. Kiran Sharma and Mr. Saurav Sehrawat to develop the historical knowledge of the students, enabling them to actively participate and consolidate their learning about traditional gateways built in India, including ancient, medieval, and modern structures. The activity consisted of making a unique board game in which photographs of different gateways were pasted in different squares and when the player arrived on these squares, he/she had to answer the questions related to that gateway.

Learning Outcomes:

Guided by the teachers, the students played the unique board game related to the different Gateways built in India during Ancient, Medieval and Modern times, gaining valuable insights into the historical significance, architectural wonders, mathematical and scientific concepts, decorative styles etc. All of them learned new facts about these gateways and the monument(s) that they are a part of.

The students also expressed their views about the monuments and gateways they were already aware of.

Glimpses:
