

SESSION – 2024 -25

Date	Description
September	Give Five to Make Hive
	<p>As part of our creative and hands-on learning experiences, the students of Bal Vatika 2 at BBPS Manesar participated in an exciting "Hive Web" activity. The children were introduced to the fascinating world of bees and their unique hives. Using simple materials like colored paper, glue, and scissors, the young learners created their own paper hive webs.</p> <p>This activity not only helped develop the children's fine motor skills but also sparked their curiosity about the natural world. The finished hive webs were proudly displayed in the classroom, showcasing the students' artistic talents and their growing understanding of the world around them.</p> <p>At BBPS Manesar, we continue to inspire learning through creativity, imagination and exploration!</p>
