Photography Club Report Week IV

CLUB NAME: Photography Club

DATE OF SESSION: 10th August 2024

VENUE: Bal Bharati Public School Manesar

CLASS PARTICIPATED: 6th to 9th

Description:

Photography club of Bal Bharati Public School Manesar is an exceptional platform for students to discover their passion for photography and learn the basic techniques of photography.

For the Fourth week, 16 Students of Bal Bharati Public School Manesar from classes 6th to 9th along with Ms. Jyoti Sharma, photography club in charge, conducted the fourth session of the club which held at the Bal Bharati Public School Manesar on Saturday 3th August 2024.

Fourth weekly session (10th August 2024 Saturday):

Symmetry and Patterns: Symmetry and Patterns are powerful composition techniques in photography that can create visually striking and balanced images. Symmetry creates a sense of order, stability, and calm. It can make your photos feel more structured and aesthetically pleasing.

Examples:

Reflections in water.

Architecture with mirrored elements, like doors or windows.

Symmetrical faces or bodies in portrait photography

Patterns involve the repetition of shapes, lines, colors, or textures in a photo.

Types of Patterns:

Natural Patterns: Found in nature, like the arrangement of leaves, the scales on a fish, or the ridges in sand dunes.

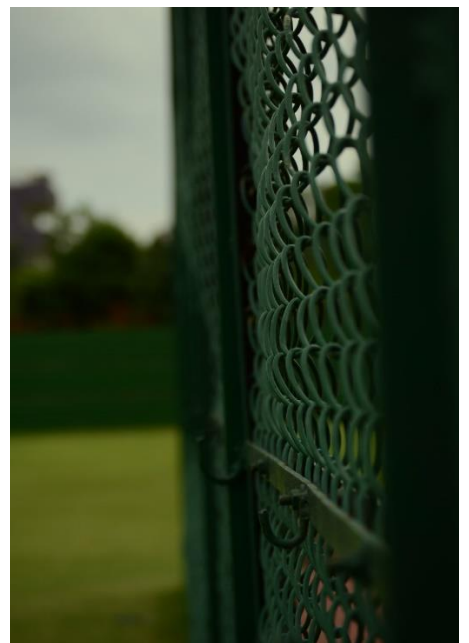

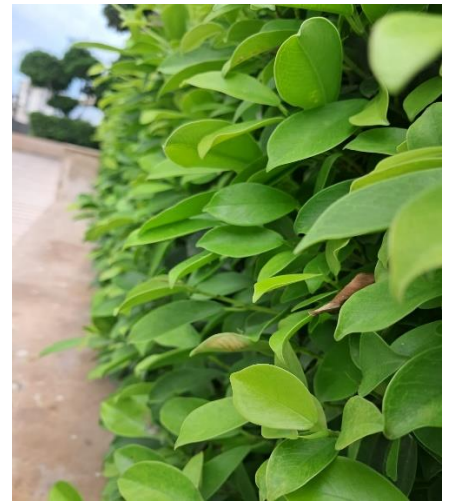

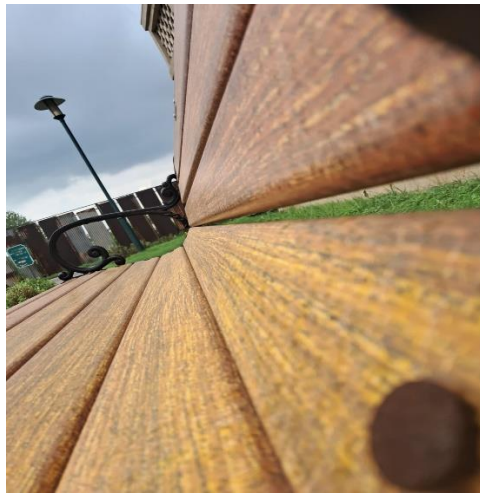

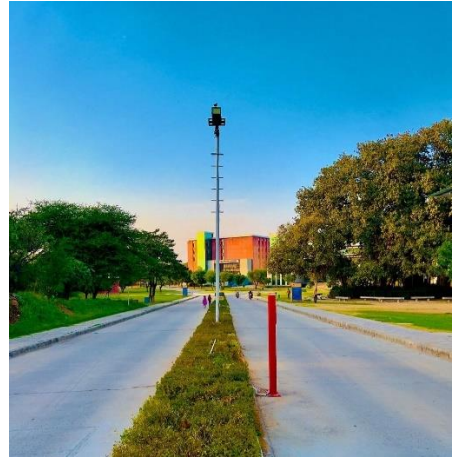

Man-made Patterns: Created by human-made objects, like the tiles on a floor, the bricks in a wall, or the seats in a theater.

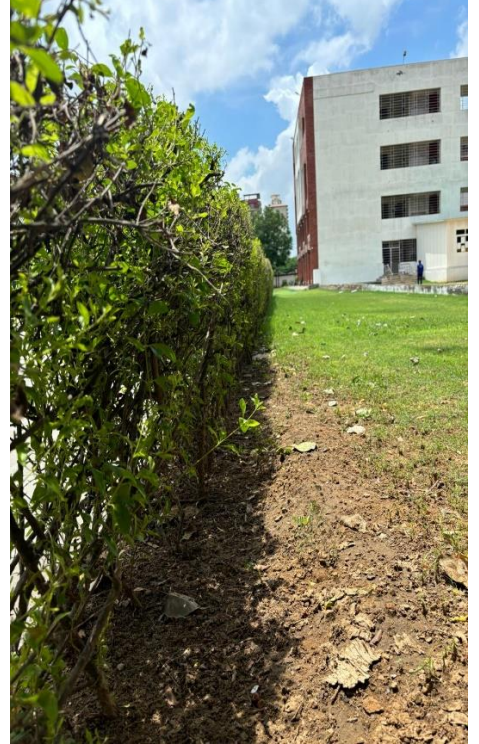

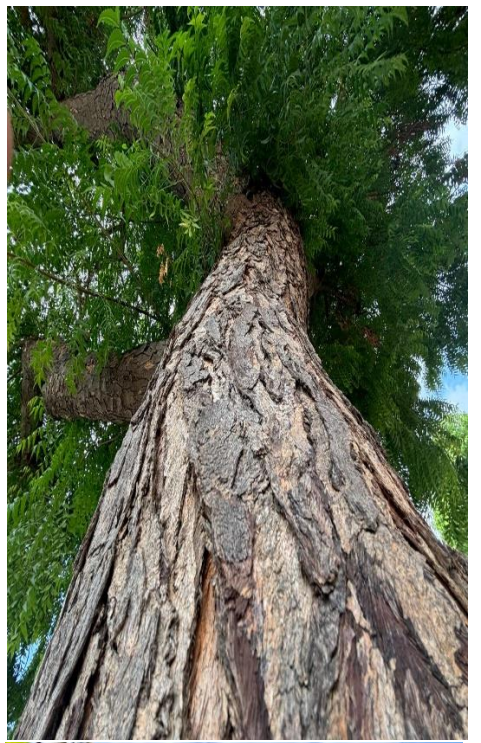

Students clicked pictures by applying the techniques learned in the session:

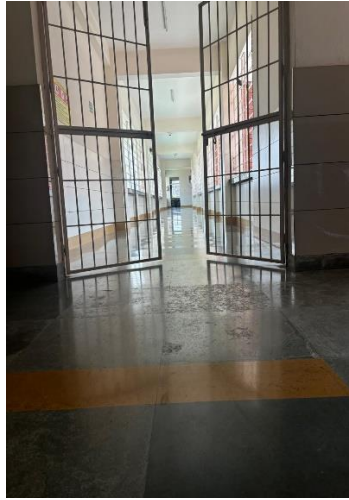

The session was done via learning from YouTube video.

Glimpses of the Photography Club session and picture clicked, submitted by students:
