

Bal Bharati PUBLIC SCHOOL M A N E S A R

REPORT

Photography Club Report Week III

CLUB NAME: Photography Club

DATE OF SESSION: 3th August 2024

VENUE: Bal Bharati Public School Manesar

CLASS PARTICIPATED: 6th to 9th

Description:

Photography club of Bal Bharati Public School Manesar is an excellent platform for students to discover their passion for photography and learn the basic techniques of photography. For the Third week, 16 Students of Bal Bharati Public School Manesar from classes 6th to 9th along with Ms. Jyoti Sharma, photography club in charge, conducted the third session of the club which held at the Bal Bharati Public School Manesar on Saturday 3th August 2024.

Purpose:

The main objective of this club is to provide a suitable environment for interested students to share their creativity, knowledge, and interest for photography. Once in every two weeks the students are given training and are encouraged to shoot pictures and post them in the Photography club group. Students are given feedbacks on their pictures.

Third weekly session (3th August 2024 Saturday):

Leading Lines: Use natural or architectural lines in your scene to draw the viewer's eye towards the main subject or to create a sense of depth and perspective. Leading lines are a powerful compositional technique in photography that use lines within the frame to guide the viewer's eye towards a specific point of interest or to create a sense of depth and perspective.

Types of Leading Lines:

Natural Lines: These can include elements like rivers, roads, fences, or tree branches that occur naturally in the environment.

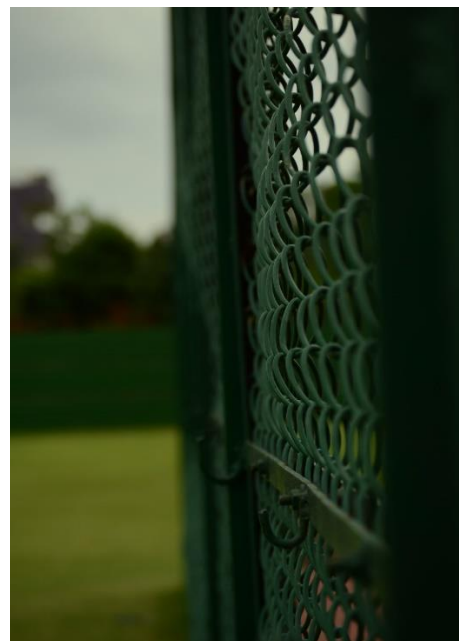

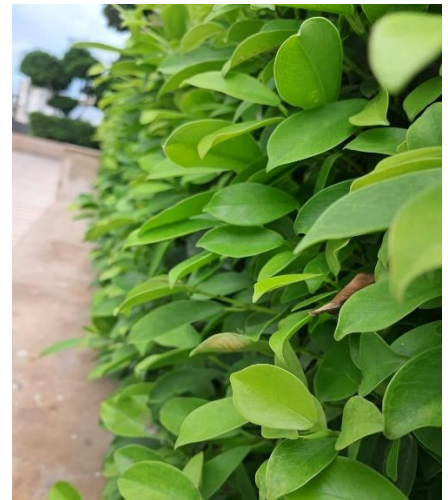

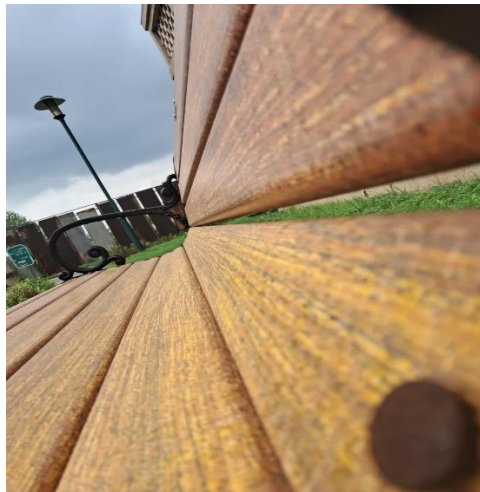

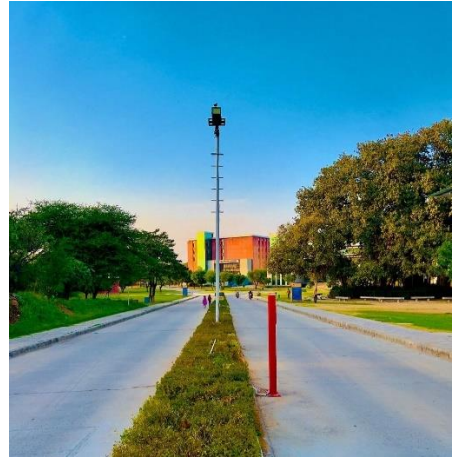

Architectural Lines: Man-made structures such as staircases, bridges, railings, or building facades can provide strong lines that lead the viewer's eye.

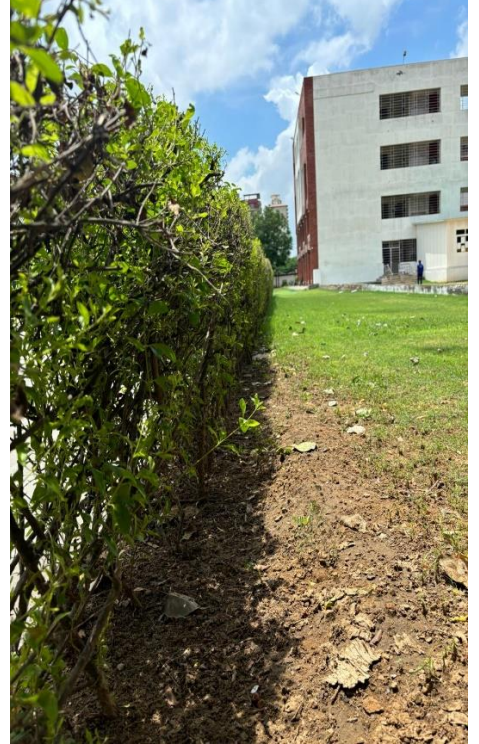

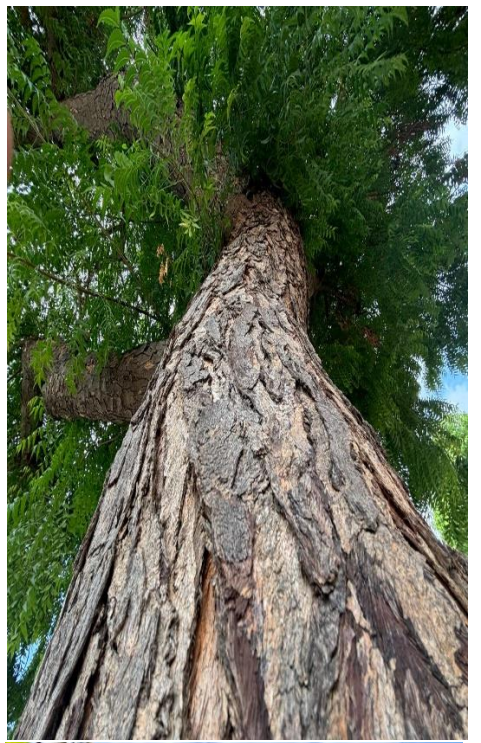

Students clicked pictures by applying the techniques learned in the session:

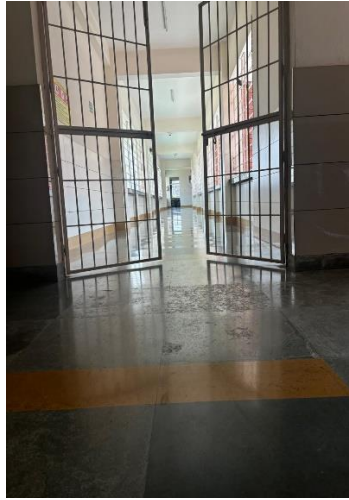

The session was done via learning from YouTube video.

Glimpses of the Photography Club session and picture clicked, submitted by students:
