

SESSION - 2024 -25

Date	Description
October	Whimsical Bird
	<p>Nest making is a delightful and educational activity for kindergarten kids that introduces them to nature, creativity, and teamwork. The activity can be approached in various ways depending on the learning objectives and resources available. It allows young children to explore the concept of animal behavior, particularly how birds build nests, and gives them the opportunity to create their own versions of nests using a variety of materials.</p> <p>It teaches kids about nature, the importance of animals in ecosystems, and how different creatures make their homes. Nest making is a perfect blend of hands-on learning, creativity, and outdoor exploration, making it a fun and memorable activity for young children.</p>
