	<p>On 18th November 2024, BBPS Manesar organized an engaging activity, Drama Dilemmas, for Class V students. The activity aimed to enhance students' social and emotional skills through interactive role-play. Students were divided into small groups and presented with real-life social scenarios, including conflicts between friends, peer pressure, welcoming a new student, sharing and taking turns, expressing gratitude, standing up to bullying, and apologizing and forgiving. Through these performances, students developed empathy, perspective, and effective communication. The activity fostered interpersonal skills, collaboration, and teamwork. It encouraged participants to think critically, respond sensitively, and resolve conflicts constructively.
