

INTERACT CLUB REPORT

Visit by Naya Sawera NGO – Session 2

Date: 3rd May, 2025

As part of our ongoing year-long Community Outreach Programme, the Interact Club of our school warmly welcomed children from the NGO *Naya Sawera* on **3rd May** for **Session 2** of this month's series of engaging activities focused on **Inculcating Reading Habits**.

The day began with an **Art and Craft session**, where the children enthusiastically participated in a **paper bag making activity**. Guided by our dedicated Interact Club volunteers, they created beautiful handmade paper bags using old newspapers, promoting both creativity and environmental awareness.

This was followed by an **interactive reading session**, during which the children read stories, poems, and magazines. They also presented the stories and poems they had read, showcasing their growing confidence and communication skills.

Throughout the event, our volunteers wholeheartedly supported and engaged with the children, fostering a warm, joyful, and inclusive environment. Refreshments were also provided, adding to the comfort and enjoyment of the day.

The smiles and excitement on the faces of the children from *Naya Sawera* were a heartwarming reflection of the session's success. We look forward to many more such enriching interactions in the upcoming sessions.
